

LEATHER HELMET ASSEMBLY

REF: E032-1 21-10-02

INSTALLATION INSTRUCTIONS

The Velcro strips supplied in this kit are used to secure a Lynx headset into a Lynx leather helmet.

1. Remove the backing tape from the Velcro strips.
2. Fit three pieces of hook type Velcro into each ear-cup on the leather helmet.
3. Fit three pieces of loop type Velcro around each headset ear-cup.
4. Thread the headset lead and microphone boom through the holes in the left-hand side of the leather helmet and fit the headset into the helmet.
